

HOLY FAMILY CHURCH
a loving family.

Contingency Instructions for Possible Closure

Holy Family Parish currently remains fully open for worship during the Corona Virus crisis. However, we are preparing for the possible scenario that would require us to temporarily close our doors out of precaution. Should this occur, the following are some helpful instructions to allow for our parishioners to stay informed and maintain a continued connection with our parish:

Viewing Holy Family Masses on our Website:

We regularly live-stream our Masses on our website, and we will continue to do so should we have to close. These Masses can be viewed very easily on your computer as they are taking place. Simply go to holyfamilysyr.org in your web browser and click on the “**Live Streaming**” link in the middle of our webpage to view our Masses. You can also click on the “**Previous Masses and Church Events**” link to view any of our previous Masses after they have already live-streamed.

Viewing Holy Family Masses on your Smart TV:

Recent Holy Family Masses can be easily viewed on your smart TV (Roku, Firestick, etc.) with a simple one-time setup process. Search for the “**Boxcast**” App (similar to Netflix, Hulu, etc.) on your smart TV and download the App. Then open the Boxcast App and search for “**Holy Family Church – Syracuse**” and click on that link. Now you can view any recent Holy Family Mass by date right on your TV.

Maintaining Your Weekly Collection:

Weekly collections can be dropped off to our Parish Offices or mailed directly to the church at:

Holy Family Church
127 Chapel Drive
Syracuse, NY 13219

In addition, online tithing is fast and simple. Simply go to our webpage at holyfamilysyr.org and click on the “**Online Giving**” link at the top of the page and follow the instructions.
